

TEP label

Tamper Evident self-adhesive labels.

Properties:

- consumer trust: visible tamper-evident labels give consumers confidence that the product has not been opened or altered before purchase
- enhancing brand trust and customer satisfaction
- counterfeit prevention: tamper-evident features make it more difficult for counterfeiters to replicate or alter products, which helps in protecting the brand and reducing the risk of fraud
- customization: tamper-evident labels or seals can be customized with branding, logos, or specific messaging, which can also serve as an additional marketing tool while securing the product.

Application:

pharmaceuticals, cosmetics and food items.
